Objective

Enthusiastic Data Analyst eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of data analytics and training in python.Exceptional skill in SQL- Based enviroments. Motivated to learn, grow and excel in IT industry.

Education

- **Bachelor of Arts programme**   2017 to 2020
  Delhi University, New Delhi

- **12th class**   2017
  CBSE board
  80

Certification

- Institute: Madrid Software
  Course: Data Scientist
  Location: Saket , New Delhi

Skills

- Organizing and analysing data : Python, SQL

- Data visualization : using Tableau, Excel and python libraries

- Creating reports and presentations : Tableau and Excel

- Data modeling : Python machine learning algorithms.

- Microsoft Excel proficiency

- Working knowledge of : SQL , Python , pandas , numpy , matplot , plotly , tableau, seaborn, Excel

- Query generation through MySQL

Projects

- **Data science jobs and salary**
  * Data cleaning + Data visualization + EDA using Python (pandas , seaborn , plotly)
  * Project link : https://www.kaggle.com/code/bharat04/ds-job-salarie-eda-visualization-and-conclusion

- **AQI :- Air quality index (date time project)**
  * EDA +Data cleaning+ visualization + datetime + feature engineering using Python
  Project link: https://www.kaggle.com/code/bharat04/aqi-air-quality-eda-datetime-plotly-visualization

- **Diabetes prediction**
  * Data cleaning+ visualization+ EDA + prediction using Python programming language
  * Project link: https://www.kaggle.com/code/bharat04/diabetes-simple-eda-prediction-with-accuracy-88

- **Tableau Dashboard : Mobile data analysis**
  * Tableau sheet + Dashboard+ Story using Tableau
  * Project link: https://public.tableau.com/app/profile/bharat7198
